## Championite Weds At Ponoka

Word has been received by Mr and Mrs Ed Latiff of the marriage of their son Richard who has been employed at the Ponoka mental hospital for the past two years. They were married at Ponoka on Saturday last. The young couple will make their home in the town of Ponoka.

## Weather Holding Good Harvest Nearly Finished

With the present warm dry weather harvesting should be pretty well wound up in this district by the end of this week.

Farmers say the ideal harvesting weather is now past that is, when the early morning and late evenings were free from dew. This time of year the days are somewhat shorter thus the harvest day is cut accordingly.

However after this week harvesting will be a thing of the past for another year and men of the soil may check 1940 on their calendar as a year with a Bumper Crop.

## ROAF Survey For Air Field

R O A F cars and trucks have been busily at work south and west of town. Surveyors have been drawing maps of a proposed airport.

Surveyors marked out land owned or farmed by Mr Wellman, Pete Holmes, Eli Hopkins and Mr Crane. The surveyed section is two miles wide and three miles long taking in six sections of land.

We are informed that owing to the smooth terrain there is no place where over four feet of dirt would have to be moved

One hundred thousand yards of gravel would be required to complete the runways etc and it is understood that this has been found along the banks of the Little Bow.

This field is part of the program of the Dominion Government's air training scheme and if constructed will serve as a training field for pilots or other personal of the R O A F.

## Men From Down Under

From every where they come. The above photo shows men from New Zealand somewhere in England.

## Prayer For The Week....

This is the first of a series of prayers which will appear in this paper from time to time in answer to several requests for prayers suitable for the present strenuous times.

### For Those Serving in the Kings Forces

O Almighty Lord God, the Father and Protector of all that trust in Thee; we commend to Thy fatherly goodness the men who through perils of war are serving this nation; beseeching Thee to take into Thine own hand both them and the cause wherein their King and Country send them. Be Thou their strength when they are set in the midst of so many and great dangers. Make all bold through death or life to put their trust in Thee, who art the only giver of victory, and canst save by many or by few; through Jesus Christ our Lord Amen.

## The N.P.A.M. At Camp Sarcee

The Second Camn is now in progress at Sarcee for the NPAM. There is again as there was in the first camp a total of 3,500 boys in elementary training. Out of A company in training at Vulcan we understand that some thirty five boys were able to receive this training.

As the time was short only a limited amount of training could be given and then only the preliminaries could be given in these phases.

The work of the boys consisted of squad drill, rifle drill, bayonet drill and company drill not to mention the field tactics lectures and respirator drill.

Several very interesting demonstrations were given in gunnery and bombing, along with actual firing on the range.

## A Winner Every Time On Victory Wheel.

Miss Jeanette Price of Vulcan was the lucky winner of the "Victory Wheel" certificate on Tuesday night on the program sponsored by the Calgary Herald over radio station CFAC.

Anyone wishing to take a chance on a certificate send in your name and a quarter to CFAC or see Mrs F Sisson.

Mrs Sisson sends in the names and quarters of sixteen people and the victory wheel picks a winner. Several certificates have been sold in this way in Champion in the last few weeks so take a chance and buy a stamp.

## Red Cross Notes

The district Red Cross will soon open their campaign for funds for this year. The Dominion Campaign opens next week but it has been delayed some in Alberta. The Red Cross Rooms above the Municipality offices have been plastered, calcimined and painted with the serving machines installed and is all ready for use.

So watch for dates for opening of the campaign in this district and "Give till it hurts."

### Buy War Stamps

It may be that the last shot fired in this war will be from a machine gun or from an infantryman's rifle. We choose to regard our war saving stamps as infantry fire, while the great government loans are the bursting shells of the high explosives and the depth charges. Each has its necessary part to play. Each is an instrument in the vast orchestra of total war, and if the full gahstly harmony is to be achieved every note must have its value. That is why those who continue to buy war stamps ought to understand that their contribution is an invaluable one.

We think a chart would show that Canadians would generally respond to increased German frightfulness by an increased financial support to our war effort. How thankful we should be that for those who remain at home our contribution is so trifling, even though vital, compared with the contribution being made by people in England and Scotland, particularly by the Londoners. We invest our pennies and our dollars. They risk their lives.

But we do not doubt that the spirit is the same and if the roles were reversed the people of Champion and Carmangay would show that same high defiance and gaiety that is being shown in cities and towns in the British Isles. We can have a chance to prove this by not slackening on the only job which so far Fate has entrusted us with.

It is a shame which Canada will never incur that in this supreme hour of history she should in any way have fallen short of her blood inheritance and her duty.

The prize catch of fish this year goes to A. J. Miller who while nosing around Wolf Coulee came back with his limit. These fish are as firm as a rock—because they are rocks. Petrified stone. Letting my imagination run riot, I would say these fish were in the neighborhood of a million years and being an authority on same would suggested that they belonged to a family of reptiles that ruled the earth when knighthood was in flower. Any way they are on display in Mr. Campbell's show window. Mr. Campbell says he would be glad to answer any questions arising when these are under inspection.
